Notes to the 2024 Financial Statements of Uniper SE

Basis of Presentation

Uniper SE, Düsseldorf, is registered in the Commercial Register of the Düsseldorf District Court under the number HRB 77425.

Uniper is a European energy company with global reach and activities in more than 40 countries, and it has some 7,500 employees. Its business is the secure provision of energy and related services in an increasingly decarbonizing environment in accordance with the requirements of energy and climate policy and the regulatory environment, as well as related voluntary commitments, particularly in its core markets of Germany, the United Kingdom, Sweden and the Netherlands. Uniper trades energy commodities such as power, gas, oil, liquefied natural gas (LNG), coal, freight and emission allowances, collectively referred to as “commodities”. The parent company of the Uniper Group is Uniper SE; the corporate headquarters are in Düsseldorf, Germany.

Since December 21, 2022, the Federal Republic of Germany has held a 99.12% interest in, and thus has control over, Uniper SE via UBG Uniper Beteiligungsholding GmbH with registered office in Berlin (Charlottenburg District Court, HRB 248168 B), a wholly owned subsidiary of the Federal Republic of Germany. As a listed group, Uniper publishes its quarterly statements, half-year interim financial statements, and consolidated annual financial statements.

The shares of Uniper SE are traded on the Frankfurt Stock Exchange's regulated market in its sub-segment with additional post-admission obligations (the “Prime Standard”). Effective December 27, 2022, Uniper was removed from the SDAX since its free float dropped below 10% in connection with the takeo-ver by the Federal Republic of Germany. Uniper remains in the CDAX.

The annual financial statements and the management report have been prepared in accordance with the provisions of the German Commercial Code (“HGB”) and the EU Regulation on the Statute for a European company (SE), in conjunction with the German Stock Corporation Act (“AktG”), and the German Electricity and Gas Supply Act (Energy Industry Act, “EnWG”).

Uniper SE is a large corporation.

The annual financial statements are prepared in euro (“€”) and amounts are stated in millions of euro. Uniper SE applies commercial rounding. Any rounding differences existing between individual amounts and totals are accepted.

The fiscal year corresponds to the calendar year.

In order to improve the clarity and informative value of the presentation, certain items of the balance sheet and in the income statements are combined pursuant to Section 265 (7), no. 2, HGB and then shown and explained separately in these Notes. The income statement has been prepared using the nature-of-expense method.

Uniper SE is the parent company that is responsible for preparing the consolidated financial statements and the group management report for the largest and the smallest group of companies.

Compliance Statement Pursuant to Section 161 AktG

In December 2024, the Management Board and Supervisory Board of Uniper SE issued a statement of compliance with the German Corporate Governance Code pursuant to Section 161 of the German Stock Corporation Act and published it on the Internet at www.uniper.energy under the heading Investors to make it permanently accessible to the Company's stockholders.

Accounting and Disclosure Policies

Unless otherwise indicated, the accounting and measurement principles previously applied remain in use unchanged.

Assets

Fixed Assets

Items of property, plant and equipment are capitalized at cost and depreciated on a straight-line basis. Unless otherwise specified, the useful lives used are the ordinary useful lives. Depreciable assets with costs of up to €250 are fully expensed in the year of acquisition. A collective item is created for those assets acquired on or after January 1, 2018, if the cost of acquisition for the individual asset is more than €250, but less than €1,000, and if that collective item is not material to the presentation of assets, financial condition and earnings. One-fifth of the respective collective item is written down in the year it is created and in each of the next four fiscal years.

Financial assets are measured at the lower of cost or fair value. Acquisitions and mergers are recognized at book values or fair values. Interest-bearing loans are carried at their nominal values; long-term interest-free and low-interest loans and receivables are carried at present value. If the book value of a financial asset measured according to these principles is higher than its fair value on the balance sheet date, an impairment charge is recognized if a long-term loss of value is expected. If the reason for the impairment no longer exists, the charge is reversed.

Current Assets

The values of receivables and other assets are adjusted to account for identifiable individual risks using valuation allowances. Receivables are carried at their nominal amounts less reasonable valuation allowances for possible default risks (lower of amortized cost and fair value).

Foreign-currency receivables with a remaining term of more than one year are measured at the exchange rate applicable at the time of initial recognition or at the lower mid-market spot exchange rate on the reporting date. Short-term foreign-currency receivables with a remaining term of one year or less are converted at the mid-market spot exchange rate on the balance sheet date, without regard to the restriction of the acquisition cost or the realization principle.

Receivables from and liabilities to affiliated companies are presented net if the accounting prerequisites for offsetting are satisfied. Security payments made are recognized at nominal value within other assets.

Securities are measured at the lower of acquisition costs or market value or their redemption value.

Liquid funds are accounted for at their nominal amounts. Bank balances held in foreign currency are valued at the period-end exchange rate.

Accrued Expenses

Reported as accrued expenses are amounts paid before the reporting date that represent expenses for a specific period after the reporting date.

Deferred Taxes

Deferred taxes are determined for temporary differences between valuations of assets, liabilities and accruals for financial accounting under HGB and for tax accounting purposes. Deferred taxes are determined for such temporary differences based on the combined income tax rate, currently 31%. The combined income tax rate includes corporate income tax, trade tax and the solidarity surcharge. Any resulting net tax liability would be recognized on the balance sheet as a deferred tax liability. If the net result is a tax asset, the recognition option is not exercised. The net result for 2024 was a deferred tax asset, which was not reported on the balance sheet.

Pension Plan Assets

To cover retirement benefit obligations toward employees, corresponding funds have been invested under a so-called Contractual Trust Arrangement ("CTA") in a German specialized investment fund and an interest in a Luxembourg partnership. The legal owner of the German specialized investment fund and of the Luxembourg partnership is Uniper Pension Trust e.V. ("UPT"), Düsseldorf.

UPT centrally administers the pension plan assets as trustee for Uniper SE in the form of units of a German specialized investment fund "PSF" (securities) and units of UPT Global Alternatives S.C.S. SICAV-SIF ("UGA"), Luxembourg. UGA is a specialized investment fund organized under Luxembourg law, in the legal form of a limited partnership, that invests in real estate funds or private equity funds.

These special-purpose assets are shielded from all other creditors.

Pension plan assets are measured at fair value. This valuation effect is recognized in interest income. The fair value is offset against the underlying obligations in accordance with Section 246 (2), sentence 2, HGB. The associated expense and income from interest effects and from the assets to be off- set is treated in a similar manner. The resulting accumulated benefit obligation is recognized under provisions.

Equity and Liabilities

Equity

The capital stock is reported at its nominal amount.

Additional paid-in capital was recognized pursuant to Section 272 (2), no. 1, HGB and pursuant to Section 272 (2), no. 4, HGB.

Provisions

Provisions take into account all identifiable risks in the context of HGB regulations and are recognized at settlement amounts determined through reasonable commercial judgment. Other provisions include future price and cost increases if sufficient objective indicators are available for such increases. Provisions with a remaining term of more than one year are discounted at the average market interest rate for the past seven years that corresponds to their remaining term to maturity.

To the extent required, discounting was performed in accordance with statutory provisions, taking into account the German Regulation on the Discounting of Provisions.

Pensions and similar obligations are measured using the internationally recognized projected unit credit method. In this method, the amount of the pension obligations is calculated based on the defined benefit obligation at the balance sheet date, allowing for future wage and salary increases. Pension obligations, as well as benefits in kind that resemble retirement benefits and are considered to be a retirement benefits component, are discounted using the average market interest rate for the past ten years as published by the Deutsche Bundesbank over an assumed remaining term to maturity of 15 years.

A wage and salary growth rate and a benefit increase rate are also taken into account. The basis for the actuarial computations to determine the provision is formed by the 2018 G versions of the Klaus Heubeck biometric tables ("Richttafeln"). The final age used for measurement purposes is generally the earliest possible age limits under the statutory retirement pension system in Germany, taking into account the provisions of the Retirement Pension Age Limit Adjustment Act ("RV-Altersgrenzenanpassungsgesetz") of April 20, 2007. For employees who have concluded early retirement or semiretirement arrangements, the contractually agreed final age is taken into account. Furthermore, employee turnover probabilities are also applied.

Pursuant to the German law for the improvement of occupational retirement pensions ("BetrAVG"), Uniper SE still bears secondary liability for pension benefits delivered through the indirect implementation path of the pension fund. Provisions were not recognized for these indirect pension obligations amounting to €2.2 million. The deficit due to unrecognized benefit obligations/entitlements as defined by Art. 28 (2) of the Introductory Law to the German Commercial Code ("EGHGB") was €0.4 million.

Since the 2023 fiscal year a new occupational retirement pension system exists within the Uniper group: a

"pure" defined contribution plan. On the basis of Section 1 (2), sentence 2a, of the Occupational Retirement Pensions Improvement Act (BetrAVG), future pension benefits are delivered through the indirect implementation path of the pension fund, and the plan is thus an indirect pension commitment for which, in accordance with Art. 28 (1), sentence 2, of the Introductory Law to the German Commercial Code (EGHGB), a provision does not have to be recognized. The contractual design of the pure defined contribution plan precludes the disclosure of a deficit pursuant to Art. 28 (2) EGHGB.

Employees have a legal right to receive risk-related benefits under the pure defined contribution plan directly from the employer. Because they are occupational retirement benefits within the meaning of Section 1 (1), sentence 1, BetrAVG, a pension provision is recognized for these benefits in accordance with Section 249 (1) HGB.

The computation of long-service bonus obligations is also performed using the internationally recognized projected unit credit method. Long-service bonus obligations, loyalty leave obligations and death benefit obligations are discounted using the average market interest rate for the past seven years as published by the Deutsche Bundesbank, with an assumed residual term of 15 years. A wage and salary growth rate is also taken into account. The actuarial provision calculations are based on the 2018 G versions of the K. Heubeck biometric tables ("Richttafeln").

A duration of 4.00 years is assumed for early retirement obligations. The interest rate for these durations was derived by means of linear interpolation from the interest rates published by the Deutsche Bundesbank. A wage and salary growth rate is also taken into account. The actuarial provision calculations are based on the 2018 G versions of the K. Heubeck biometric tables.

In accordance with Section 254 HGB and Section 249 HGB, Uniper SE recognizes provisions for losses from valuation units. Furthermore, provisions for onerous contracts and provisions for uncertain liabilities are recognized.

Liabilities

Liabilities are recognized at their settlement amount on the balance sheet date. Liabilities to affiliated companies are generally reported on a gross basis.

Foreign-currency liabilities with a remaining term of more than one year are measured at the exchange rate applicable at the time of initial recognition or at the higher mid-market spot exchange rate on the reporting date. Short-term foreign-currency liabilities with a remaining term of one year or less are converted at the mid-market spot exchange rate on the reporting date, without regard to the restriction of the highest-value or the realization principle.

Other Items

Derivative Financial Instruments / Valuation Units

Derivative financial instruments are used to hedge interest payment flows, currency risks of receivables and liabilities from Group financing as well as other intragroup foreign currency transactions.

The underlying transactions are aggregated with their associated hedges in separate so called macro-hedge valuation units for each currency. Transactions contained in a macro hedge are valued individually as of the balance sheet date. Foreign exchange forwards and swaps are valued at the forward rate on the balance sheet date. The valuation of each macro hedge is derived from the difference between market values and acquisition costs. According to HGB accounting principles, a negative valuation result for the macro hedge requires the recognition of a provision for losses from valuation units, while a positive valuation result is generally disregarded. Uniper SE accounts for the valuation units using the net hedge presentation method.

The Company is integrated into the risk management system of the Uniper Group. All major identified risks are reported to the central Enterprise Risk unit, where they are controlled using an integrated approach considering the Group's risk orientation and within the existing limits (value at risk).

Minimum Taxation

Uniper SE is part of the Uniper Group, which is covered by the scope of German Minimum Tax Act (Pillar Two).

When applying the Minimum Tax Act, no additional taxes are to be taken into account for Uniper SE as of December 31, 2024.

This has no impact on the recognition and measurement of deferred taxes in accordance with Section 274, Paragraph 3 HGB.

Notes on the Balance Sheet

(1) Fixed Assets

Statement of Changes in Fixed Assets

€ in millions	Total acquisition costs			Accumulated depreciation		Carrying amounts		Write-downs for the 2024 fiscal year
	January 1, 2024	Additions	Disposals	December 31, 2024	December 31, 2023	December 31, 2024	January 1, 2024	December 31, 2024
Property, plant and equipment	4.2	1.1	-	5.3	1.0	1.8	3.2	3.5
Shares in affiliated companies	18,675.8	-	-	18,675.8	2,714.3	2,714.3	15,961.5	15,961.5
Loans to affiliated companies	-	30.8	-	30.8	-	-	-	30.8
Fixed assets	18,680.0	31.9	-	18,711.9	2,715.3	2,716.1	15,964.7	15,995.8

Property, plant and equipment relate exclusively to other equipment, fixtures, furniture and office equipment.

The list of the shareholdings of Uniper SE is included in as an integral part of these Notes to the Financial Statements on pages 24 through 27.

(2) Receivables and Other Assets

Receivables from affiliated companies amounted to €12,091.8 million in the 2024 fiscal year (previous year: €19,777.6 million) and resulted predominantly from intragroup cash pooling and from affiliation agreements. Other operating assets amounted to €63.8 million in the 2024 fiscal year (previous year: €223.3 million).

As in the previous year, all receivables and other assets have a remaining term of up to one year.

(3) Equity

The capital stock of Uniper SE amounts to € 416,475,332.00 (previous year: € 416,475,332.00); it is divided into 416.475.332 registered shares (no par value – notional interest in the capital stock of €1.00) and is fully paid in. Each share has one vote.

Additional Paid-in Capital

Additional Paid-in Capital

€ in millions	December 31, 2024	December 31, 2023
Section 272 (2), no. 1, HGB	7,709.9	7,709.9
Section 272 (2), no. 4, HGB	1,234.0	1,234.0
Total	8,943.9	8,943.9

The additional paid-in capital of Uniper SE as of December 31, 2024, amounts unchanged to € 8,944 million (2023: €8,944 million).

Retained Earnings

Retained earnings consist exclusively of other retained earnings. There are no statutory provisions on the creation of reserves. In accordance with Section 58, paragraph 2, sentence 1 AktG, the Board of Management transferred 50% of the net income for the year in the amount of €262.3 million to other retained earnings.

Distribution Cap

Free Reserves

€ in millions		
Distribution cap	Section 268 (8) sentence 3 HGB	2.3
Total		2.3
Available reserves	Section 272 (2), no. 4 HGB	1,234.0
	Section 272 (3) HGB	440.7
Total		1,674.7
Surplus		1,672.4

Net Income available for distribution

It has been agreed as part of the stabilization package between the German federal government and Uniper that Uniper will make no dividend distribution without the Federal Republic of Germany's approval. Against the backdrop of existing provisions in the EnSiG, the Uniper Board of Management will not propose a dividend distribution from available net income at the 2025 Annual Shareholders Meeting.

At the Annual General Meeting on May 8, 2025, the Board of Management and the Supervisory Board will propose that the net income of €262.3 million available for distribution reported in the annual financial statements of Uniper SE be allocated to increase other retained earnings.

Statement of Changes in Equity

The following table summarizes the changes in stockholders' equity:

Equity

€ in millions	Capital stock	Additional paid-in capital	Retained earnings	Net income / Net losses	Total
January 1, 2023	14,160.2	10,824.9	178.3	-24,202.2	961.2

Information on Stockholders of Uniper SE

Uniper has not received any notifications concerning the existence of a ownership interests pursuant to Section 160 (1), no. 8, of the German Stock Corporation Act in the 2024 fiscal year. Uniper has received the following notifications concerning the existence of ownership interests pursuant to Section 160 (1), no. 8, of the German Stock Corporation Act:

Information on Stockholders of Uniper SE (as of Dec. 31, 2024)

Shareholders	Date of notice	Threshold exceeded	Gained voting rights on	Allocation	in %	Voting rights		Percentages of instruments as defined by Section 38 WpHG
						Absolute		
Federal Republic of Germany via UBG Uniper Beteiligungsholding GmbH	21.12.2022	75%	21.12.2022	indirect	98.56%	5,071,842,353		5.78%

Authorized Capital

Pursuant to Section 3 (5) of the Articles of Association of Uniper SE, the Board of Management, with the approval of the Supervisory Board, is authorized to increase the capital stock of the Uniper SE by up to €208,237,666 on or before May 14, 2029, through one or several issues of up to 208,237,666 new registered no-par-value shares against contributions in cash and/or in kind (authorized capital according to Sections 202 et seq. of the German Stock Corporation Act, "2024 Authorized Capital"). The Board of Management may, subject to the Supervisory Board's consent, exclude the subscription right that must, in principle, be granted to shareholders. Such exclusion of subscription rights is possible if shares are issued against cash contributions in an amount of up to 10% of the capital stock at the time this authorization takes effect or, should this value be lower, at the time of the utilization of this authorization.

Subscription rights may also be excluded when shares are issued against contributions in kind, however, only to the extent that the aggregate amount of shares issued under this authorization against contributions in kind with an exclusion of the shareholders' subscription right does not exceed 10% of the capital stock at the time this authorization takes effect or, should this value be lower, at the time of the utilization of this authorization. Furthermore, shareholder subscription rights may also be excluded with regard to fractional amounts and when shares are issued to persons employed by Uniper SE or one of its affiliates.

Conditional Capital

By resolution of the Annual General Meeting of Uniper SE of May 15, 2024, the Board of Management is authorized, subject to the approval of the Supervisory Board, to issue debt instruments (hereinafter "Bonds") once or several times on or before May 14, 2029, with a total nominal amount of up to €2,000,000,000 and to grant the holders or creditors of Bonds (hereinafter "Holders") conversion or option rights to a total of up to 83,295,066 registered no-par-value shares of Uniper SE with a proportionate amount of the capital stock of up to €83,295,066 in total in accordance with the more detailed provisions of the terms and conditions of the Bonds. The Bonds may be issued against contribution or consideration in cash or in kind. Here, too, the Board of Management is authorized, subject to the approval of the Supervisory Board, to exclude the shareholders' subscription rights to which shareholders are entitled in principle. In connection with these convertible bonds and warrant-linked bonds, conditional capital was created by shareholder resolution. Pursuant thereto, the capital stock is conditionally increased by up to €83,295,066 through the issue of up to 83,295,066 new registered no-par-value shares with a proportionate amount of the capital stock of €1.00 per share for the purpose of granting registered no-par-value shares upon exercise of rights and obligations of conversion or purchase.

Treasury Shares

By resolution of the Annual General Meeting of May 15, 2024, Uniper SE is authorized to acquire treasury shares in an amount equivalent to up to a total of 10% of the capital stock until May 14, 2029. The shares acquired under this authorization, together with other treasury shares held by or attributable to Uniper SE pursuant to Sections 71a et seq. AktG, must not at any time account for more than 10% of the capital stock.

At the Board of Management's discretion, such purchase may take place on the stock exchange, by way of a public offer addressed to all shareholders or a public solicitation to submit offers (an "acquisition offer"), by way of a public offer or a public solicitation to submit offers for the exchange of liquid shares for shares of Uniper SE (an "exchange offer"), or through the use of derivatives (put or call options or a combination of both). The Board of Management is also authorized, subject to the Supervisory Board's consent and excluding shareholder subscription rights, to use shares of Uniper SE in a specified manner. The Board of Management is further authorized to cancel treasury shares without requiring a separate shareholder resolution to that effect. Uniper holds no treasury shares at this time.

(4) Provisions for Pensions and Similar Obligations

The pension obligations cover the benefit obligations for current employees. They are funded in part by the employer and through deferral of compensation in part by the employees.

€ in millions	December 31, 2024	December 31, 2023
Net pension obligation		
<i>Settlement amount</i>	178.3	173.2
<i>Fair values of pension plan assets</i>	108.6	95.8
<i>Acquisition costs</i>	106.3	101.7
Net value	69.7	77.4
Total provisions	69.7	77.4

The pension plan assets are designated exclusively for the fulfillment of pension obligations and are shielded from all other creditors. Section 246 (2), sentence 2, HGB requires that these assets be offset against the underlying obligations.

Insofar as it relates to fund units, the fair value of the pension plan assets shown in the table was derived by the designated management companies from market prices, or with the aid of generally accepted valuation methodologies, as of the reporting date.

The units of the foreign equity interest are measured at market price.

The discount rate applied in the 2024 fiscal year to state the present value of the pension obligation was 1.90% p.a. (previous year: 1.83%). Also underlying the obligation were a wage and salary growth rate of 2.25% p.a. (previous year: 2.25% p.a.) and a benefit increase rate of 2.00% p.a. (previous year: 2.00% p.a.).

Section 253 (2) HGB, as amended by the law implementing the Residential Immovable Property Credit Directive and amending certain provisions of the German Commercial Code, was applied in the 2024 fiscal year. The resulting change in the average market interest rate by which provisions for retirement benefit obligations are discounted, determined based on the past ten fiscal years, was 1.90% p.a. In the absence of these changes, the resulting average market interest rate determined based on the last seven fiscal years would have been 1.97%.

The difference between the total amount recognized for provisions using the corresponding average market interest rate for the past ten fiscal years and the amount recognized using the corresponding average market interest rate for the past seven fiscal years was €-2.5 million as of December 31, 2024.

(5) Other Provisions

Other Provisions

€ in millions	December 31, 2024	December 31, 2023
Personnel-related provisions	33.1	21.3
Provision for anticipated losses	1.7	2.4
Provision for valuation units	16.0	23.1
Miscellaneous provisions	144.4	2,324.2
Total	195.2	2,371.0

Personnel-related provisions include long-service bonus obligations, loyalty leave obligations and death benefit obligations. These have been discounted at a rate of 1.97% p.a. (previous year: 1.76% p.a.). Also underlying the obligation was a wage and salary growth rate of 2.25% p.a. (previous year: 2.25% p.a.).

Applying an assumed duration of 4.00 years (previous year: 4.00 years), the resulting discount rate for early retirement obligations was 1.51% p.a. (previous year: 1.13% p.a.). Also underlying the obligation was a wage and salary growth rate of 2.25% p.a. (previous year: 2.25% p.a.).

The provision recognized in the 2023 fiscal year in the amount of €2,297.2 million relates to contractual claims for recovery by the Federal Republic of Germany from the granting of state aid. This state aid was approved by the European Commission in December 2022, subject to certain conditions, and paid out to Uniper by the Federal Republic of Germany in the amount of around €13.5 billion by means of equity increases at Uniper SE.

One of these conditions is a mechanism for the (partial) repayment of state aid in the event of expected over-compensation identified at the end of 2024 in favor of Uniper. A provision to this effect was also included in the framework agreement concluded between the Federal Republic of Germany and Uniper. The provision for contractual recovery claims was thus determined as of December 31, 2023, and during the 2024 fiscal year using IFRS earnings and the Uniper Group's IFRS equity planning through December 31, 2024. The provision was discounted as of December 31, 2023, using an interest rate of 1.00% reflecting its term. It was also subject to estimation uncertainty, as the IFRS earnings and the Uniper Group's IFRS equity planning as of December 31, 2024, had a significant impact on the amount of the contractual recovery claims during the year. In order to settle these contractual recovery claims, Uniper is obliged, in accordance with the European Commission's decision, to make this payment in 2025 by way of a dividend or by other appropriate means.

At the end of the 2023 fiscal year, the Federal Republic of Germany and Uniper agreed to settle the contractual recovery claims of the Federal Republic of Germany arising from the granting of state aid by way of a public-law obligation. Based on this agreement, the provision was reclassified to current liabilities as of December 31, 2024, in the amount of €2,551.4 million, as the measurement uncertainty no longer existed as of December 31, 2024.

(6) Liabilities

Liabilities

€ in millions	December 31, 2024				December 31, 2023			
	Total	With a remaining term of			Total	With a remaining term of		
		≤ 1 year	> 1 year	> 5 years		≤ 1 year	> 1 year	> 5 years
Banks	47.8	47.8	-	-	7.0	7.0	-	-
Affiliated companies	20,045.1	20,045.1	-	-	26,585.5	26,585.5	-	-
Liabilities to entities in which an equity interest exists	0.6	0.6	-	-	0.1	0.1	-	-
Other liabilities	2,953.1	2,953.1	-	-	718.0	718.0	-	-
Taxes	66.2	66.2	-	-	279.8	279.8	-	-
Social security contributions	-	-	-	-	-	-	-	-
Total	23,046.6	23,046.6	-	-	27,310.6	27,310.6	-	-

Liabilities to affiliated companies are principally the result of overnight loans, fixed-term deposits and long-term loans originating from group financing activities.

Other liabilities increased by €2,235.1 million, from €718.0 million to €2,953.1 million. This is mainly due to the reclassification of a liability in connection with the Federal Republic of Germany's contractual claims for repayment of €2,551.4 million (December 31, 2023: €2,297.2 million) arising from the granting of state aid. The liability was recognized under other provisions in the previous year due to the measurement uncertainty that still existed at that time. This liability increased by €254.2 million in the 2024 financial year due to interest effects and additions.

The most significant credit agreements and the Uniper Group's existing bond and commercial paper issuance programs are described below.

€1.8 Billion Euro Commercial Paper Program

The Euro Commercial Paper program is a flexible instrument for the issuance of short-term debt in the form of commercial paper notes that are compliant with the STEP (Short-Term European Paper) Market Convention. As of December 31, 2024, €328 million in commercial paper was outstanding under the program (December 31, 2023: €434 million).

€2.0 Billion Debt Issuance Program

Initially launched in November 2016, the Debt Issuance Program (DIP) is a flexible instrument for issuing debt securities to investors via public, syndicated and private placements. The volume, currencies and maturities of the bonds to be issued depend on Uniper's financing requirements. Given the lack of capital market viability

due to the consequences of Russia's war against Ukraine, in particular the curtailment of Russian gas supplies, Uniper temporarily suspended the Debt Issuance Program in 2022 and 2023. As part of its finance strategy, Uniper relaunched the program in 2024.

€3.0 Billion Syndicated Bank Financing Agreement with Revolving Credit Facility

Uniper SE also has a syndicated bank financing in place in the form of a revolving credit facility provided by a total of 19 banks as of the end of 2024. The revolving credit facility was increased in March 2024 from approximately €1.7 billion to €3.0 billion, and it has a maturity of three years plus two extension options of one year each. The revolving credit facility serves Uniper as a general liquidity reserve. It was not utilized as of December 31, 2024 (December 31, 2023: no utilization of the then existing syndicated credit facility).

€5.0 Billion Revolving Credit Facility with KfW

In addition, Uniper maintains a credit facility with the state-owned KfW banking group. The facility was originally implemented in 2022 and has been reduced gradually since 2023. Currently tranche A of the KfW credit facility remains available to Uniper with an amount of €5 billion until September 30, 2026, after Uniper reduced tranche A ahead of schedule by €4.5 billion as of April 30, 2024, and an additional €2 billion (tranche B) expired on April 30, 2024. The facility was not utilized as of December 31, 2024 (December 31, 2023: no utilization of the KfW credit facility).

Covenants

In its financing activities, Uniper SE has agreed to enter into covenants consisting primarily of change-of-control clauses, negative pledges and pari-passu clauses, each referring to a restricted set of significant circumstances.

Additional Financing in 2024

Uniper additionally has access to further financing instruments, which were used flexibly in 2024. These include, for example, bilateral credit lines with Uniper's financing banks. Uniper also maintains guarantee facilities with several banks that can be used to cover guarantee requirements in its operations or for margin deposits.

Notes on the Income Statement

(7) Other Operating Income

Other Operating Income

€ in millions	2024	2023
Currency translation	992.8	1,935.9
Income from costs recharged	62.7	34.3
Income from the reversal of provisions	5.0	10.5
Other	0.3	0.1
Total	1,060.8	1,980.8

In addition to the income from the reversal of provisions, Uniper SE does not have any significant non-periodic income in the 2024 fiscal year.

(8) Personnel Costs

Personnel Costs

€ in millions	2024	2023
Salaries	86.0	67.4
Social security contributions and expenses related to retirement and other employee benefits	14.1	14.7
<i>Retirement benefits</i>	6.3	8.5
Total	100.1	82.1

Employees (Annual Averages)

	2024	2023
Hourly employees		
<i>Male</i>	-	-
<i>Female</i>	-	-
Salaried employees		
<i>Male</i>	245	209
<i>Female</i>	274	226
Annual average number of employees	519	435
Trainees as of the December 31 reporting date	28	22

(9) Other Operating Expenses

Other Operating Expenses

€ in millions	2024	2023
Currency translation	956.4	1,925.8
Audit and advisory costs	26.0	21.9
Miscellaneous expenses	1,072.2	2,477.6
Other taxes	1.8	-0.2
Total	2,056.4	4,425.1

The other operating expenses include the expenses of €225.4 million (2023: €2,297.2 million) from the addition to the provision recognized in financial year 2023 in relation to contractual repayment claims by the Federal Republic of Germany from state aid granted in 2022. Furthermore, transfer of proceeds from claims for damages against Gazprom Export – excluding legal costs and taxes – in the amount of €532.9 million caused additional miscellaneous expenses.

(10) Net Interest Income

Net Interest Income

€ in millions	2024	2023
Other interest and similar income	873.7	611.7
<i>From affiliated companies</i>	707.5	496.4
<i>From discounting</i>	0.1	0.1
Interest and similar expenses	-1,112.5	-1,295.6
<i>To affiliated companies</i>	-950.9	-894.8
<i>From accretion</i>	-58.6	-
Total	-238.8	-683.9

Interest and similar income include a net income of €7.8 million (previous year: expenses €6.8 million) from the fair value measurement of the pension plan assets (€8.4 million; previous year: €8.2 million) after offsetting the expense from the accretion of discounted pension provisions (€0.6 million (including effects of changes in interest rates); previous year: €1.4 million).

(11) Income from transfers of profits and Expenses from transfers of losses

Income from profit transfers stem from relationships with affiliated companies.

(12) Income Taxes

Income taxes in fiscal year 2024 comprise foreign income tax expenses of €1.3 million (previous year: €0.6 million) and expenses from income taxes relating to previous years of €305.1 million (previous year: €2.9 million). Expenses related to domestic income taxes for fiscal year 2023 amount to €261.9 million (previous year: €514.1 million).

Deferred taxes are not included in the reported tax expense or tax income. Overall, as of December 31, 2024, Uniper SE expects future tax relief from temporary accounting differences – both its own and those of the companies in its consolidated tax group. The calculation of this amount took place on the basis of a combined income tax rate of 31% (Uniper SE and its consolidated tax group companies) and 16% (partnership interests; the tax rate only takes into account corporate income tax and the solidarity surcharge). Deferred tax assets result primarily from differences in accounting for property, plant and equipment and from provisions that cannot be recognized, or cannot be recognized in full, for tax purposes, including those for anticipated losses and provision for pensions obligations, and from tax loss and interest carryforwards. Deferred tax liabilities result primarily from differences in accounting for property, plant and equipment. Overall, there is a surplus of deferred tax assets over deferred tax liabilities. The option under Section 274 (1), sentence 2, HGB was not exercised for this surplus, and therefore no deferred tax assets were recognized.

Other disclosures

Derivative Financial Instruments and Valuation Units

Derivative financial instruments, used for hedging interest and foreign currency risks, reported within various items on the balance sheet had the following nominal amounts, market values and carrying amounts as of the reporting date:

Derivate Financial Instruments

€ in millions	December 31, 2024		December 31, 2023	
	Nominal amount	Fair value (market value)	Nominal amount	Fair value (market value)
Currency derivatives - positive fair value	9,586.3	272.4	11,286.7	204.4
Currency derivatives - negative fair value	12,443.0	-274.9	11,469.0	-233.0
Interest derivatives - positive fair value	14.6	3.8	-	-
Interest derivatives - negative fair value	-	-	-	-
Total on December 31	22,043.9	1.3	22,755.7	-28.6

The provision for anticipated losses according to Section 249 HGB amounts to €1.7 million and is presented under other provisions. Provisions for losses related to valuation units according to Section 254 HGB in the amount of €16.0 million have also been designated (see other provisions).

When applying valuation methodologies, particular consideration was given to foreign-currency derivatives, forward prices and similar inputs.

Interest rate hedging instruments are mainly used to hedge the interest rate risk of cash deposits. The floating interest rate of the cash deposits was hedged against a fixed interest rate to hedge the interest rate risk. The interest rate swaps are recognized in profit or loss at the time of payment or at the cut-off date.

Foreign exchange forwards are concluded primarily in order to hedge receivables and liabilities relating to Group financing. The nominal amounts of these positions and foreign currency hedges concluded with external partners for the purpose of hedging financial risks have been combined into a valuation unit. This is done in line with the Company's risk management concept and treasury guidelines.

Anticipated excess obligations within valuation units are presented, if the prerequisites are met, as provisions from valuation units. To the extent that there are excess obligations resulting from other issues, also including foreign-currency transactions, that are not recognized within a valuation unit, these issues are treated pursuant to the general accounting principles of German commercial law and presented as a provision for anticipated losses from open transactions.

Hedging relationships are combined into macro-hedge valuation units and, if necessary, subdivided into maturity ranges (annual tranches) in which the offsetting changes in value and cash flows are balanced and will remain balanced for the foreseeable future. The valuation unit covers foreign-currency risk as a financial risk. The amounts being hedged can be derived from the following table:

Valuation Units

December 31, 2024	EUR-GBP	EUR-SEK	EUR-USD	Summe
Nominal amount receivables/liabilities (foreign currency, in millions)	-1,169.3	12,158.1	217.5	n/a
Carrying amount of receivables/liabilities (€ in millions)	-1,410.2	1,061.0	209.4	-139.8
Nominal amount of open transactions (€ in millions)	6,273.6	4,298.9	8,452.0	19,024.5
Market value of open transactions (€ in millions)	5.2	-6.8	0.1	-1.5

The open transactions shown above are the foreign currency hedges. The total amount hedged by means of the valuation units (losses from negative market developments of foreign-currency derivatives and losses from the marking to market of foreign-currency positions offset by positive market developments of foreign-currency transactions) is €88 million. A provision from valuation units was recognized in the 2024 fiscal year

because the losses from the marking to market of positions exceeded the offsetting gains from positive changes in the market value of the foreign-currency derivatives on the reporting date (hedge ineffectiveness).

Contingencies

Uniper SE generally only enters into contingencies in connection with its own operations or the operations of affiliated companies, and then only after diligent evaluation of risks. The obligations to third parties for affiliated companies amount to €11,750.1 million as of the reporting date (previous year: €9,424.4 million).

Contingencies

€ in millions	December 31,	
	2024	2023
Indemnity agreements	10,760.7	8,900.8
Guarantees	989.4	523.6
Total	11,750.1	9,424.4

Based on the ongoing evaluation of the risk situation associated with the contingencies that have been assumed and the pertinent information available by the date of this report's preparation, Uniper SE is confident that the respective principal obligors can meet the liabilities underlying these contingencies. Uniper SE therefore considers the risk of having to assume responsibility for any of the contingent obligations as unlikely.

Disclosures pursuant to Section 6b (2) EnWG

Uniper SE is subject to the disclosure requirements of Section 6b (2) EnWG for fiscal year 2024. Larger-scale contractual relationships exist with subsidiary companies of the Uniper Group for investing and borrowing liquid funds (cash-pooling agreements). As of the balance sheet date, this led to the recognition of receivables in the amount of €9,462.4 million and of liabilities in the amount of €19,869.1 million. The resulting interest expense amounted to €247.7 million. Interest is assessed at standard market terms.

Transactions with Related Parties

Related parties are legal or natural entities that can exercise influence on Uniper SE or be subject to control or significant influence by Uniper SE.

Transactions with related parties are entered into particularly with group companies, joint ventures and associates. They especially cover rental, service and financial transactions. Such activities are transacted at normal market terms.

Information about the Company's Boards

Supervisory Board

The Supervisory Board is composed as follows:

Name	Position	External mandates in other governing bodies	Board member
Thomas Blades (Chairman of the Supervisory Board, Uniper SE)		Voith GmbH & Co. KGaA Polygon International AB North-Star Shipping Ltd., Chairman	since December 22, 2022
Harald Seegatz (Deputy Chairman of the Supervisory Board, Uniper SE)	Chairman of the Group Employee Council, Uniper SE	Uniper Kraftwerke GmbH	since April 14, 2016
Prof. Dr. Ines Zenke (Deputy Chairwoman of the Supervisory Board, Uniper SE)	Lawyer, Partner and Co-Owner, Becker Büttner Held		since December 22, 2022
Prof. Dr. Werner Brinker	Independent Energy Consultant	Heinrich Gräper Holding GmbH & Co. KG, Chairman Gesellschaft für Großbatterie-Anlagen mbH (since 01/24) Friesen Elektra Beteiligungsgesellschaft mbH (since 10/24)	since April 17, 2020
Judith Buss	Independent Consultant	Ignitis Grupė AB HELLA GmbH & Co. KGaA	since May 19, 2021
Holger Grzella	Chairman of the General Works Council, Uniper Kraftwerke GmbH	Uniper Kraftwerke GmbH	since May 18, 2022
Dr. Gerhard Holtmeier	Lawyer, Chairman of the Management Board at Dortmunder Energie und Wasserversorgung GmbH, Managing Director UBG Uniper Beteiligungsholding GmbH	REDTREE GmbH	since March 21, 2023
Diana Kirschner	Financial Accounting Clerk, Uniper Financial Services GmbH		since May 18, 2022
Victoria Kulambi	Scientist, Uniper Technologies Limited		since May 19, 2021
Magnus Notini	Member of the European Works Council, Uniper SE	Sydkraft AB (until 06/24)	since May 18, 2022
Dr. Marcus Schenck	Managing Director, Co-Head of Investment Banking for the DACH region and Member of the Global Management Committee for Fi- nancial Advisory, Lazard & Co. GmbH	Encavis AG	since December 22, 2022
Immo Schlepper	Head of Regional Department, ver.di	EWE AG EWE Netz GmbH (since 09/24)	since June 8, 2017

Board of Management

The Board of Management is composed as follows:

Name	Position	External mandates in other governing bodies	Board member
Michael Lewis	Chairman of the Board of Management, Chief Executive Officer	Uniper Global Commodities SE, Chairman Uniper Kraftwerke GmbH, Chairman United Utilities Group PLC	since June 1, 2023
Dr. Jutta A. Dönges	Member of the Board of Management, Chief Financial Officer	Commerzbank AG TUI AG	since March 1, 2023
Holger Kreetz	Member of the Board of Management, Chief Operating Officer		since March 1, 2023
Dr. Carsten Poppinga	Member of the Board of Management, Chief Commercial Officer		since August 1, 2023

Compensation of Board of Management and Supervisory Board

Board of Management

Total compensation paid to members of the Board of Management amounted to roughly €4.6 million (2023: €4.1 million). They receive a fixed base salary and other compensation components (fringe benefits) unrelated to performance. Other compensation components additionally include one-time payments to Board of Management members newly appointed in the 2023 fiscal year totaling roughly €1.0 million (2023: € 0.7 million). The payments were made in order to compensate them for losses of compensation entitlements from their previous employers triggered by their transfers to Uniper SE. Because of the stabilization package and the associated framework agreement with the Federal Republic of Germany, no performance-based compensation components may be promised or paid out, or established or promised in conditional or other form. All such compensation was thus excluded for the 2024, 2023 and 2022 fiscal years. The provisions for performance-based compensation components allocated to former Management Board members prior to the request for stabilization measures totaled roughly €0.4 million as of December 31, 2024 (2023: €0). The total expense for the 2024 fiscal year thus also stood at €0.4 million.

Uniper SE and its subsidiaries granted no advances or loans to and did not enter into any contingencies benefiting members of the Board of Management in the 2024 fiscal year and in the previous year.

Tax advisory costs amounting to €10 thousand were assumed for a former member of the Board of Management in the 2024 fiscal year. No further payments were made to former Management Board members (2023: €3.3 million stemming from allowances paid for contractually stipulated non-compete period). The settlement amount of the pension obligations for former Board of Management members and their surviving dependents totaled roughly €11.2 million as of December 31, 2024 (2023: €11.3 million).

Supervisory Board

Total compensation paid to the Supervisory Board for the 2024 fiscal year amounted to roughly €1.4 million (2023: €1.4 million). Aside from their annual fixed compensation, Supervisory Board members also receive additional compensation for committee work on the Uniper SE Supervisory Board and for serving on supervisory boards of Uniper Group subsidiaries. Outlays were reimbursed for a total of €28 thousand (2023: €33 thousand).

As in the previous year, there were no outstanding loans or advances to members of the Supervisory Board in the 2024 fiscal year, nor have any contingencies been entered into in favor of the Supervisory Board.

Fees of the Independent Auditor

The total fees charged by the external auditor for the reporting period are broken down into auditing services, other assurance services, and other non-audit services in the relevant note in the consolidated financial statements.

Fees for auditing services include in particular fees for the statutory auditing of annual and consolidated financial statements and the subsidiaries included in the consolidated financial statements, fees for the review of the interim financial statements, and fees for other auditing services.

The fees recognized under other assurance services mainly relate to services in the context of the audit of the Group Sustainability Report and the issuance of comfort letters. The fees recognized under other services relate to services in the context of capital market transactions.

The total fees charged by the external auditor for the reporting period as defined in § 285 no. 17 HGB are detailed in the relevant note in the consolidated financial statements.

Disclosures on shareholdings (as of Dec. 31, 2024)

For reasons of simplification, the summarized list of shareholdings contains the required HGB disclosures for both the annual financial statements and the consolidated financial statements.

The scope of the disclosures corresponds to the requirements of section 285 HGB for the annual financial statements and therefore represents a voluntary extension of the disclosures required by section 313 HGB for the consolidated financial statements.

Declaration of the Management Board

To the best of our knowledge, we declare that, in accordance with applicable financial reporting principles, the annual financial statements give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company, and that the management report of the Company, which is combined with the Group management report, provides a fair review of the development and performance of the business and the position of the Company, together with a description of the principal opportunities and risks associated with the expected development of the Company.

INDEPENDENT AUDITOR'S REPORT

To Uniper SE, Düsseldorf

REPORT ON THE AUDIT OF THE ANNUAL FINANCIAL STATEMENTS AND OF THE MANAGEMENT REPORT

Audit Opinions

We have audited the annual financial statements of Uniper SE, Düsseldorf, which comprise the balance sheet as at 31 December 2024, and the statement of profit and loss for the financial year from 1 January to 31 December 2024 and notes to the financial statements, including the presentation of the recognition and measurement policies. In addition, we have audited the management report of Uniper SE, which is combined with the group management report, for the financial year from 1 January to 31 December 2024. In accordance with the German legal requirements, we have not audited the content of the statement on corporate governance pursuant to § [Article] 289f HGB [Handelsgesetzbuch: German Commercial Code] and § 315d HGB.

In our opinion, on the basis of the knowledge obtained in the audit,

- the accompanying annual financial statements comply, in all material respects, with the requirements of German commercial law and give a true and fair view of the assets, liabilities and financial position of the Company as at 31 December 2024 and of its financial performance for the financial year from 1 January to 31 December 2024 in compliance with German Legally Required Accounting Principles and
- the accompanying management report as a whole provides an appropriate view of the Company's position. In all material respects, this management report is consistent with the annual financial statements, complies with German legal requirements and appropriately presents the opportunities and risks of future development. Our audit opinion on the management report does not cover the content of the statement on corporate governance referred to above.

Pursuant to § 322 Abs. [paragraph] 3 Satz [sentence] 1 HGB, we declare that our audit has not led to any reservations relating to the legal compliance of the annual financial statements and of the management report.

Basis for the Audit Opinions

We conducted our audit of the annual financial statements and of the management report in accordance with § 317 HGB and the EU Audit Regulation (No. 537/2014, referred to subsequently as "EU Audit Regulation") in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Our responsibilities under those requirements and principles are further described in the "Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report" section of our auditor's report. We are independent of the Company in accordance with the requirements of European law and German commercial and professional law, and we have fulfilled our other German professional responsibilities in accordance with these requirements. In addition, in accordance with Article 10 (2) point (f) of the EU Audit Regulation, we declare that we have not provided non-audit services prohibited under Article 5 (1) of the EU Audit Regulation. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions on the annual financial statements and on the management report.

Key Audit Matters in the Audit of the Annual Financial Statements

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the annual financial statements for the financial year from 1 January to 31 December 2024. These matters were addressed in the context of our audit of the annual financial statements as a whole, and in forming our audit opinion thereon; we do not provide a separate audit opinion on these matters.

In our view, the matter of most significance in our audit was as follows:

1) Measurement of shares in affiliated companies

Our presentation of this key audit matter has been structured as follows:

- 1 Matter and issue
- 2 Audit approach and findings
- 3 Reference to further information

Hereinafter we present the key audit matter:

1) Measurement of shares in affiliated companies

- 1 In the Company's annual financial statements, shares in affiliated companies amounting to EUR 16,0 billion (47 % of total assets) are reported under the "Financial assets" balance sheet item.

Shares in affiliated companies are measured in accordance with German commercial law at the lower of cost and fair value. The fair values are calculated using discounted cash flow models as the present values of the expected future cash flows according to the planning projections prepared by the executive directors. This also takes into account expectations about the expected effects of future market developments and energy policy developments in countries relevant to Uniper as well as assumptions about the development of other macroeconomic influencing factors, and risks resulting from climate change. The discount rate used is the individually determined cost of capital for the relevant financial asset. Based on the values calculated and other documentation, there was no need to write-down the book value for the financial year. The outcome of this valuation exercise is dependent to a large extent on the estimates made by the executive directors of the future cash flows, and on the respective discount rates and rates of growth employed. The valuation of shares in affiliated companies is subject to significant uncertainties. Against this background and due to the highly complex nature of the valuation and its material significance for the Company's net assets and results of operations, this matter was of particular significance in the context of our audit.

- 2 As part of our audit, we assessed, among other things, the methodology employed for the purposes of the valuation exercise and tested the company's essential control for this purpose. We evaluated, in particular, whether the fair values of the significant shareholdings had been appropriately determined using discounted cash flow models in compliance with the relevant measurement standards. We based our assessment, among other things, on a comparison with general and sector-specific market expectations and energy policy developments as well as on the executive directors' detailed explanations regarding the key planning value drivers underlying the expected cash flows. We also evaluated the assessment of the executive directors regarding the risks resulting from climate change and examined how they were taken into account in determining the expected cash flows. In the knowledge that even relatively small changes in the discount rate and growth rate applied can have a material impact on the value of the entity calculated using this method, we focused our testing in particular on the parameters used to determine the discount rate applied, and evaluated the measurement model. We also formed independent quantitative expected values and compared these with the quantitative values according to the Uniper calculation scheme.

In our view, taking into consideration the information available, the valuation parameters and underlying assumptions used by the executive directors are appropriate overall for the purpose of appropriately measuring shares in affiliated companies.

- 3 The Company's disclosures regarding financial assets are contained in the basis of preparation, accounting policies and in note 1 of the notes to the annual financial statements.

Other information

The executive directors are responsible for the other information. The other information comprises the statement on corporate governance pursuant to § 289f HGB and § 315d HGB as an unaudited part of the management report.

Our audit opinions on the annual financial statements and on the management report do not cover the other information, and consequently we do not express an audit opinion or any other form of assurance conclusion thereon.

In connection with our audit, our responsibility is to read the other information mentioned above and, in so doing, to consider whether the other information

- is materially inconsistent with the annual financial statements, with the management report disclosures audited in terms of content or with our knowledge obtained in the audit, or
- otherwise appears to be materially misstated.

Responsibilities of the Executive Directors and the Supervisory Board for the Annual Financial Statements and the Management Report

The executive directors are responsible for the preparation of the annual financial statements that comply, in all material respects, with the requirements of German commercial law, and that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles. In addition, the executive directors are responsible for such internal control as they, in accordance with German Legally Required Accounting Principles, have determined necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud (i.e., fraudulent financial reporting and misappropriation of assets) or error.

In preparing the annual financial statements, the executive directors are responsible for assessing the Company's ability to continue as a going concern. They also have the responsibility for disclosing, as applicable, matters related to going concern. In addition, they are responsible for financial reporting based on the going concern basis of accounting, provided no actual or legal circumstances conflict therewith.

Furthermore, the executive directors are responsible for the preparation of the management report that as a whole provides an appropriate view of the Company's position and is, in all material respects, consistent with the annual financial statements, complies with German legal requirements, and appropriately presents the opportunities and risks of future development. In addition, the executive directors are responsible for such arrangements and measures (systems) as they have considered necessary to enable the preparation of a management report that is in accordance with the applicable German legal requirements, and to be able to provide sufficient appropriate evidence for the assertions in the management report.

The supervisory board is responsible for overseeing the Company's financial reporting process for the preparation of the annual financial statements and of the management report.

Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and whether the management report as a whole provides an appropriate view of the Company's position and, in all material respects, is consistent with the annual financial statements and the knowledge obtained in the audit, complies with the German legal requirements and appropriately presents the opportunities and risks of future development, as well as to issue an auditor's report that includes our audit opinions on the annual financial statements and on the management report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with § 317 HGB and the EU Audit Regulation and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer (IDW) will always detect a material misstatement. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements and this management report.

We exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements and of the management report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our audit opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit of the annual financial statements and of arrangements and measures (systems) relevant to the audit of the management report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of the internal control of the Company and these arrangements and measures (systems), respectively.
- Evaluate the appropriateness of accounting policies used by the executive directors and the reasonableness of estimates made by the executive directors and related disclosures.
- Conclude on the appropriateness of the executive directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the annual financial statements and in the management report or, if such disclosures are inadequate, to modify our respective audit opinions. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to be able to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements present the underlying transactions and events in a manner that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles.
- Evaluate the consistency of the management report with the annual financial statements, its conformity with German law, and the view of the Company's position it provides.
- Perform audit procedures on the prospective information presented by the executive directors in the management report. On the basis of sufficient appropriate audit evidence we evaluate, in particular, the significant assumptions used by the executive directors as a basis for the prospective information, and evaluate the proper derivation of the prospective information from these assumptions. We do not express a separate audit opinion on the prospective information and on the assumptions used as a basis. There is a substantial unavoidable risk that future events will differ materially from the prospective information.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control

that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with the relevant independence requirements, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the annual financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter.

OTHER LEGAL AND REGULATORY REQUIREMENTS

Report on the Assurance on the Electronic Rendering of the Annual Financial Statements and the Management Report to be Prepared for Publication Purposes in Accordance with § 317 Abs. 3a HGB

Disclaimer of Opinion

We were engaged to perform an assurance engagement in accordance with § 317 Abs. 3a HGB to obtain reasonable assurance as to whether the rendering of the annual financial statements and the management report to be prepared for publication purposes (hereinafter the "ESEF documents") complies in all material respects with the requirements of § 328 Abs. 1 HGB for the electronic reporting format ("ESEF format").

We do not express an assurance opinion on the ESEF documents. Because of the significance of the matter described in the "Basis for the Disclaimer of Opinion" section of our report we have not been able to obtain sufficient appropriate assurance evidence to provide a basis for an assurance opinion on the ESEF documents.

Basis for Disclaimer of Opinion

As the executive directors have not submitted any ESEF documents to us until the time of the issuance of the auditor's report, we do not express an assurance opinion on the ESEF documents.

Responsibilities of the Executive Directors and the Supervisory Board for the ESEF Documents

The executive directors of the Company are responsible for the preparation of the ESEF documents including the electronic rendering of the annual financial statements and the management report in accordance with § 328 Abs. 1 Satz 4 Nr. [number] 1 HGB.

In addition, the executive directors of the Company are responsible for such internal control as they have considered necessary to enable the preparation of ESEF documents that are free from material non-compliance with the requirements of § 328 Abs. 1 HGB for the electronic reporting format, whether due to fraud or error.

The supervisory board is responsible for overseeing the process for preparing the ESEF-documents as part of the financial reporting process.

Auditor's Responsibilities for the Assurance Work on the ESEF Documents

It is our responsibility to conduct an assurance engagement on the ESEF documents in accordance with § 317 Abs. 3a HGB and the IDW Assurance Standard: Assurance Work on the Electronic Rendering of Financial Statements and Management Reports, Prepared for Publication Purposes in Accordance with § 317 Abs. 3a HGB (IDW AsS 410 (06.2022)) and the International Standard on Assurance Engagements 3000 (Revised). As a result of the matters described in the "Disclaimer of Opinion" section of our report, we have not been able to obtain sufficient appropriate assurance evidence to provide a basis for an assurance opinion on the ESEF documents.

Report on the Audit of Compliance with the Accounting Obligations pursuant to § 6b Abs. 3 EnWG

Audit Opinion

We have audited whether the Company has complied with its obligations pursuant to § 6b Abs. 3 Sätze [sentences] 1 to 5 EnWG [Energiewirtschaftsgesetz: German Energy Industry Act] to maintain separate accounts for the financial year from 1 January to 31 December 2024.

In our opinion, the obligations pursuant to § 6b Abs. 3 Sätze 1 to 5 EnWG to maintain separate accounts have been complied with in all material respects.

Basis for the Audit Opinion

We conducted our audit of the compliance with the obligations to maintain separate accounts in accordance with § 6b Abs. 5 EnWG in compliance with IDW Auditing Standard: Audit pursuant to § 6b Energiewirtschaftsgesetz [German Energy Industry Act] (IDW PS 610 n.F. (07.2021)). Our responsibilities under those requirements and principles are further described in section "Auditor's Responsibilities for the Audit of the Compliance with the Accounting Obligations pursuant to § 6b Abs. 3 EnWG". We are independent of the Company in accordance with the requirements of German commercial and professional law, and we have fulfilled our other German professional responsibilities in accordance with these requirements. We as an audit firm apply the requirements of the IDW Standard on Quality Management: Requirements for Quality Management in the Audit Firm (IDW QMS 1 (09.2022)). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the compliance with the accounting obligations pursuant to § 6b Abs. 3 EnWG.

Responsibilities of the Executive Directors and the Supervisory Board for the Compliance with the Accounting Obligations pursuant to § 6b Abs. 3 EnWG

The executive directors are responsible for the compliance with the obligations pursuant to § 6b Abs. 3 Sätze 1 to 5 EnWG to maintain separate accounts.

In addition, the executive directors are responsible for such internal control as they have determined necessary to comply with the obligations to maintain separate accounts.

The supervisory board is responsible for overseeing the Company's compliance with the accounting obligations pursuant to § 6b Abs. 3 EnWG.

Auditor's Responsibilities for the Audit of the Compliance with the Accounting Obligations pursuant to § 6b Abs. 3 EnWG

Our objective is to obtain reasonable assurance about whether the executive directors have complied, in all material respects, with their obligations pursuant to § 6b Abs. 3 Sätze 1 to 5 EnWG to maintain separate accounts.

In addition, our objective is to include a report in the auditor's report which contains our audit opinion on the compliance with the accounting obligations pursuant to § 6b Abs. 3 EnWG.

The audit of the compliance with the obligations pursuant to § 6b Abs. 3 Sätze 1 to 5 EnWG to maintain separate accounts comprises an assessment of whether the allocation of the accounts to the activities pursuant to § 6b Abs. 3 Sätze 1 to 4 EnWG has been made appropriately and comprehensibly and whether the principle of consistency has been observed.

Further Information pursuant to Article 10 of the EU Audit Regulation

We were elected as auditor by the annual general meeting on 15 May 2024. We were engaged by the supervisory board on 24 June 2024. We have been the auditor of the Uniper SE, Düsseldorf, without interruption since the Company first met the requirements as a public interest entity within the meaning of § 316a Satz 2 Nr. 1 HGB in the financial year 2016.

We declare that the audit opinions expressed in this auditor's report are consistent with the additional report to the audit committee pursuant to Article 11 of the EU Audit Regulation (long-form audit report).

GERMAN PUBLIC AUDITOR RESPONSIBLE FOR THE ENGAGEMENT

The German Public Auditor responsible for the engagement is Aissata Touré.
